How to make barbecued kebabs.

6pts

First, cut some meat and vegetables and put them in a bowl with your favourite barbecue marinade. Then, put the meat and vegetables on the skewers. Don't put the meat and vegetables on the skewers until they are marinated for 20 minutes. Next, put charcoal in the barbecue and light it with lighter fluid. After that put the kebabs on the barbecue and cook for 10 to 15 minutes, turning them over from time to time. Finally, take the kebabs off the barbecue and enjoy !
